

ENGINEERING

Schamiloglu Bio

Edl Schamiloglu was born in The Bronx, NY. He received the B.S. degree from the Applied Physics and Applied Mathematics from Columbia University, NY, in 1979; he received the M.S. degree in Plasma Physics from Columbia University in 1981. He received the Ph.D. degree in Engineering (minor in Mathematics) from Cornell University, Ithaca, NY, in 1988 (dissertation advisor David A. Hammer, J.C. Ward Jr. Professor of Nuclear Energy Engineering). He joined the University of New Mexico (UNM) as Assistant Professor in 1988 and he is currently Distinguished Professor of Electrical and Computer Engineering and Associate Dean for Research and Innovation in the School of Engineering. He is also the *Special Assistant to the Provost for Laboratory Relations*. He lectured at the U.S. Particle Accelerator School (Harvard University in 1990 and at MIT in 1997). He coedited *Advances in High Power Microwave Sources and Technologies* (IEEE Press/Wiley, New York, NY, 2001) (with R.J. Barker), he has coauthored *High Power Microwaves, 3rd Ed.* (CRC Press, Boca Raton, FL, 2016) (with J. Benford and J. Swegle), and he is coediting *Advances in High Power Microwave Sources and Technologies using Metamaterials* (with J.W. Luginsland, J.A. Marshall, and A. Nachman) (IEEE Press/Wiley, New York, NY, 2020). He has coauthored over 160 refereed journal papers, over 260 reviewed conference papers, and 8 patents. His publications have been cited over 7000 times. His h-index is 36 and his i10-index is 124. He has been PI on over \$45 M of contracts and grants at UNM.

Professor Schamiloglu is a Fellow of the IEEE, an EMP Fellow (sponsored by the Summa Foundation), and a Member of the Editorial Board of the Journal Matter and Radiation at Extreme. He was awarded the 2013 IEEE Nuclear and Plasma Sciences Society's Richard F. Shea Distinguished Member Award "For outstanding contributions to the IEEE Nuclear and Plasma Sciences Society through its Pulsed Power Science and Technology and Plasma Science and Applications Technical Committees," the 2014 IEC '1906 Award' "For his valuable technical contributions to SC77C projects and specifically for his technical contributions with respect to HPEM source technologies to support the standardization of test techniques for HPEM/IEMI," the 2015 IEEE NPSS PPST Peter Haas Award "For research in the area of pulsed power, beams, and microwaves, and for his dedicated service to the current and future pulsed power community through his leadership and educational endeavors," the 2017 UNM Senior Faculty Research Excellence Award, and the 2019 (inaugural) IEEE NPSS Magne "Kris" Kristiansen Award "For outstanding contributions in experimental nuclear and plasma science." He serves on the External Review Board for Sandia National Laboratories' Radiation Effects/High Energy Density Science Foundation.
