- Lectures:** Tu Th 9:30-10:45 AM
Room DSH-132 – Sec 002 students are welcome to attend the lectures if they wish; otherwise, the recordings will be posted under [Mediasite Recordings](#) at the bottom of the [Learn.unm.edu](http://learn.unm.edu) website for this course and available to all students.
- Instructor:** Professor Edl Schamiloglu
Office: Dean's Office, Centennial 3071; Phone: 505-277-6095
e-mail: edls@unm.edu
- Office Hours:** By appointment, or swing by the Dean's office and I can assist you if I am not pressed for time.
- Prerequisites:** ECE 360 or equivalent (undergraduate electromagnetics)
- Textbook:** D.G. Dudley, *Mathematical Foundations for Electromagnetic Theory* (IEEE Press, New York, NY, 1994) (ISBN-13: 978-0780310223). We will cover Chapters 1-4. Supplemental material will also be provided.
- Course Website:** <http://learn.unm.edu>. You will need your UNM NET ID to access this page if you are registered for the course.
- Catalog Description:** Mathematical foundations for engineering electromagnetics: linear analysis and method of moments, complex analysis and Kramers-Kronig relations, method of steepest descent, Green's functions, spectral representation method and electromagnetic sources.
- Course Objectives:** This course is a prerequisite to ECE 561, although students admitted in the Spring semester can take this after completing ECE 561. Topics covered: Mathematical foundations for engineering electromagnetics: linear analysis and method of moments, complex analysis (including the method of steepest descent), Kramers-Kronig relations, Green's functions, spectral representation method, and electromagnetic sources.
- Grading:** 7 problem sets [every two weeks, to be scanned and uploaded to learn.unm.edu 's assignment tool] (30%), two exams (30%) and a final project (40%).

There will either be a guest lecturer or I will provide material for students to work on *in lieu* of class. Dr. Ahmed Elfrgani (UNM Research Assistant Professor) will be the guest lecturer for most of the classes I will miss.
