

## AMEREM/EUROEM Memos

Memo 06

6 July 2012

### Technical Program Statistics for EUROEM 2012

Prepared by

**Jean-Philippe Parmantier, Isabelle Junqua, Nadine Barriety and Dave Giri**

In this Memo, we document certain parameters relating to the Technical Program of AMEREM 2012, held in Toulouse, France during July 1-7, 2012. It is anticipated that future organizers of AMEREM/EUROEM meetings can benefit from the data presented in this Memo.

The purpose of this Memo is to present some statistics and examine the models of the technical program organization. In Table 1, we present the data about paper submissions and exhibitors.

**Table 1. Quantity of Papers and Exhibitors for EUROEM 2012**

Number of papers submitted	<b>263</b>
Number of papers rejected	<b>6</b>
Number of Papers withdrawn by the authors	<b>20</b>
Number of papers removed from the technical program because the author/coauthor did not register by deadline	<b>19</b>
Number of papers (regular + poster + plenary) accepted and scheduled 1 of them was withdrawn (after printing)	<b>218</b>
<b>Breakdown of 218 papers</b>	
Number of regular session papers (20 minutes)	<b>198</b>
Number of papers accepted for poster sessions	<b>15</b>
Number of plenary session papers (35 minutes)	<b>5</b>
Number of workshops (EMIC in Far-South West)	<b>1</b>
Number of registered participants	<b>312</b>
Number of Exhibitors	<b>18</b>
Other Meetings (Permanent HPE Committee and IEC)	<b>2</b>

In Table 2, we present the organizational considerations in the context of EUROEM 2012.

**Table 2. Organizational Considerations for EUROEM 2012**

#	Parameter	Symbol	EUROEM 2012
1	Number of accepted papers	N	218
2	Number of conference days	D	4.5
3	Number of half days	2D	9
4	Plenary session papers (30 minutes each) (Typically wednesday AM session)	PS	5
5	Effective number of half days	$H = (2D - 1)$	8
6	Number of poster session papers	PP	15
7	Oral presentations excluding plenary papers	$M = N - PS - PP$	198
8	Number of presentations/ full session (with 20-minute presentations)	S	8
9	Number of parallel sessions	Integer $[ M / (H \times S) ]$	4

\*5 plenary papers were scheduled on Wednesday, 4 July 2012 morning.

\*\*A comment is in order concerning the number of parallel sessions.

Note that in EUROEM 2012, 4parallel sessions could have accommodated a maximum of  $4 \times 9 \times 8 = 288$  oral presentations. However, the number of parallel sessions is governed by the session topics and not necessarily by trying to fit the papers in a minimum set of parallel sessions.

In Table 3, we present submitted papers for EUROEM 2012 by nations.
