

Hear Ye! Hear Ye!

The Notes on EMP and Related Subjects were conceived by Dr. Ralph Partridge in 1964.

Later, Dr. Carl E. Baum was appointed editor of the Notes and he kept that job until he passed away on Dec. 2, 2010.

Dr. D. V. Giri has volunteered to serve as the new Chief Editor of the Notes series.

Dr. Giri will be assisted in his work by **Prof. Christos Christodoulou** (University of New Mexico), **Prof. Edl Schamiloglu** (University of New Mexico), **Dr. Frederick M. Tesche** (Clemson University), **Dr. Robert L. Gardner** (Consultant), **Prof. Scott Tyo** (University of Arizona), **Mr. William D. Prather** (AFRL, Kirtland AFB, NM), **Prof. Jürgen Nitsch** (Otto von Guericke University, Magdeburg, Germany) and **Dr. J-P. Parmantier** (ONERA, France).

Los Alamos National Labs

Dr. D.V. Giri and Dr. Carl E. Baum, Short Course HPE 201-2009
"Le Vieux Chalet" in Château-d'Oex - Switzerland

Manuscripts should be e-mailed to Dr. Giri (Giri@DVGiri.com) for consideration. It is the responsibility of the author(s) to get the paper cleared for public release. The Notes will be uploaded to www.ece.unm.edu/summa/notes twice-a-year, in June and December.

The announcement of newly published notes will be sent out to subscribers twice a year by postcard. Hard copies of newly published Notes will no longer be printed out and mailed to subscribers. You can be added (at no cost) to this postcard notification mailing list by e-mailing Chuck Reuben at shawnee@unm.edu . If you have received this post card by mail, you are already on our mailing list and need not apply.

All Notes should be cited by mentioning, Author(s), Title, Name and Number of the Note, the Date of publication and the URL from where it can be accessed. As in the past: "All published Notes are approved for public release and their distribution is unlimited."
